

Canary Hearing COVID-19 Update:

Federal and state authorities are working very hard right now to blunt the growth of COVID-19. In an effort to help slow the spread we will be temporarily postponing all office visits starting March 23. Our office will be closed to the public until state health experts see fit to ease restrictions on social distancing. We are very sorry for the inconvenience this will cause for some of our patients.

Through this period I will continue to provide service to my clients should an emergency arise. We are postponing all routine maintenance visits; however, if you have an emergency with your hearing aids please call and leave me a message at **410-224-4327**. I will return your call and arrange to provide care in a safe and responsible way.

Thank you for your patience as we all work together to blunt the growth of this pandemic. We look forward to getting back to “business as usual”. Until such time my staff and I want to wish you all the best. I will leave you with a limerick I wrote for Saint Patrick's day:

Corona virus is here
Its ruined our normal spring cheer
They say alcohol beats it
and soundly defeats it
So I think I'll just have me a beer.
